

EDUCATION

2020 – 2022	Master of Science in Software Engineering Independent University, Bangladesh (IUB) - Result: 82.4%. - Thesis: Advancements in Software Engineering: A Multifaceted Exploration. - The thesis encompassed research projects in requirements engineering, project management, CMMI process, data analysis, software quality and software marketing.
2009 – 2014	Bachelor of Science in Computer Science & Engineering North South University (NSU) Result: 79.6%.

RESEARCH EXPERIENCE

2020 – 2022	Master's Thesis Research Independent University, Bangladesh - Conducted research across multiple software engineering domains including requirements engineering, project management, CMMI, data analysis, software quality and software marketing. - Applied both qualitative and quantitative research methods.
2019 – 2023	Research Projects (Conference and Journal Publications) - Machine learning-based system log analysis for error detection. - Hybrid approach for requirements engineering in software industry. - Unified testing process framework using CMMI-SVC. - Marketing-mix analysis and brand equity in software industry. - Quality assurance model for Learning Management Systems.

PUBLICATIONS

2023	Hasan, M., Sadia, F., Hasan, M. and Rokonzaman, M. Develop a System to Analyze Logs of a Given System Using Machine Learning. 21st IEEE/ACIS International Conference on Software Engineering, Management and Applications (SERA 2023), Springer (SCIS).
2023	Hasan, M., Bakar, N., Nahar, N., Hasan, M. and Rokonzaman, M. A Hybrid Approach to Overcome Requirements Challenges in the Software Industry. Proceedings of the 18th International Conference on Software Technologies, pp. 526-533.
2022	Hasan, M., Mahal, S., Bakar, N., Hasan, M., Islam, N., Sadia, F. and Hasan, M. An Unified Testing Process Framework for Small and Medium Size Tech Enterprise with Incorporation of CMMI-SVC. Proceedings of the 17th International Conference on Evaluation of Novel Approaches to Software Engineering, pp. 327-334.
2022	Hasan, M., Akter, M., Shuhrid, S., Khan, T., Sadia, F. and Hasan, M. Investigation the Influence of Marketing-mix Efforts on Brand Equity in the Bangladesh Software Industry. Proceedings of the 19th International Conference on Smart Business Technologies, pp. 152-159.
2023	Hasan, M., Akter, F., Alam, S. and Hasan, M. Quality Assurance Model for LMS to Facilitate Education and Equality. Asian Journal of Inclusive Education (AJIE).

AWARDS & ACHIEVEMENTS

2020 – 2022	Merit-Based Scholarship Independent University, Bangladesh (20-50%).
2023	Conference Registration Grant SERA 2023 (USD 400).
2022	Conference Registration Grant ICSBT 2022 (EUR 125).

PROFESSIONAL EXPERIENCE

Dec 2019 - Present	Software Engineer North South University - Design, develop and maintain large-scale systems including LMS and UMS. - Optimize distributed systems, database architecture and backend services. - Implement high-performance web services and third-party API integrations. - Manage servers, deployment processes and system reliability and scalability. - Improve application performance, stability and resource management.
May 2017 - Jan 2020	Senior Software Developer (Tech Lead) I-Venture Ltd. - Worked across the full ERP project lifecycle from requirements analysis to implementation. - Led and managed two development teams. - Contributed to API development and system architecture design (HLD, LLD). - Prepared technical proposals and managed AWS infrastructure deployment. - Ensured scalable, secure and cost-effective solutions.
Feb 2015 - Apr 2017	Software Engineer Mysosheaven BD Ltd. - Developed ERP systems for HR, Payroll and other domains, mainly in the garment industry. - Optimized system functionality and business processes. - Collaborated with product managers for requirements analysis. - Provided technical support and resolved software implementation challenges.

POSITIONS OF RESPONSIBILITY

2019 - Present	System & Team Contribution Contribute to system design, development and team collaboration at NSU.
2019 - Present	System & Team Contribution Led and managed development teams at I-Venture Ltd.
2019 - Present	System & Team Contribution Active involvement in project planning, architecture design and technical proposal preparation.

TECHNICAL SKILLS

Programming Languages | Python, PHP, JavaScript, SQL, MATLAB (basic), R (basic)
Frameworks & Technologies | Laravel, CodeIgniter, Symfony, Spring, Vue.js, React.js, jQuery, Ajax
Databases | MySQL, PostgreSQL, NoSQL, Microsoft Access
Tools & Platforms | Git, Docker, AWS, Linux, Postman, JIRA, LaTeX
Data Science & ML | Machine Learning, Data Analysis, SPSS, AMOS, RapidMiner, Anaconda
Other Skills | REST API, System Design, Software Testing, Agile, Scrum, SDLC

TALKS & PRESENTATIONS

2023	Oral Presentation, SERA 2023
2022	Oral Presentation, ENASE 2022
2022	Poster Presentation, ICSBT 2022
2023	Poster Presentation, ICSoft 2023
2023	Oral Presentation, Asian Journal of Inclusive Education (AJIE)

SELECTED TRAINING

LLM & Prompt Engineering — BK-AIC, BUET · Big Data & Machine Learning in Practical Cases — CBM · Data Science (Integration & Processing) — Divine IT, High-Tech Park · Short Course on Data Science — Stanford University
